

Blue Granite Water Company Gift Supports the Foundation

August 21, 2019, LEXINGTON, S.C. — The Blue Granite Water Company made a very generous gift of \$1,500 to support the Lexington School District One Educational Foundation. This donation is unrestricted and ultimately supports the mission of the Foundation, which attempts to raise funds and build partnerships all in an effort to support Lexington County School District One students, schools and educational programs.

Reese Hannon, Communication and Community Relations Coordinator for Blue Granite Water Company stated that the company wanted to support students in the Lexington community and a gift to the Lexington One Educational Foundation was a great way to share their support!

Julie Anderson Washburn, Foundation executive director, stated how appreciative the Foundation leaders are to build corporate partnerships with businesses like Blue Granite Water Company. She added, "It's our donors who make our mission possible and help us provide amazing educational opportunities and needed support for our students!"
